DETAILED ACTION

Summary

On June 4, 2004, an Office Action was mailed to the Applicant rejecting claim 1. On September 7, 2004, the Applicant responded by amending claim 1 and adding new claims 2-4.

Drawings

The objection set forth in the previous Office Action has been withdrawn.

Specification

The objection set forth in the previous Office Action has been withdrawn.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-4 are rejected under 35 U.S.C. 102(e) as being anticipated by Walker (6,108,639), as set forth in the previous Office Action.

With regard to the amendment to claim 1 and newly added claims 2-4, Walker discloses and original sales offer from a corresponding plurality of sellers (fig.10 a-d(all); col.9, line 60 to col.10, line 15; and col.11, line 47 to col.12, line 34---a new sales offer); revealing to the seller the buyer's personal or financial information after the buyer

accepts at least one original sales offer (col.5, lines 58-67 and col.6, lines 40-54); the sales offers are conditional upon subsequent approval of the buyer's personal or financial information (col.5, lines 21-40, 58-67 and col.6, lines 40-54); and the buyer is not bound by the specification of terms (col.5, lines 21-40, 58-67 and col.6, lines 40-54—buyer may not be bound if goods are not in acceptable condition or terms/conditions have not been fully met).

Response to Arguments

Applicant's arguments filed September 7, 2004 have been fully considered but they are not persuasive. The Applicant argues that Walker does not disclose "using said at least one term to generate a plurality of original sales offers from a corresponding plurality of sellers" and that the counteroffer does not anticipate an original offer. In response, Webster's II New Riverside University Dictionary defines the term "original" as "new". When the sellers generate a counteroffer, they are essentially generating a new offer to the buyer by incorporating terms/conditions in the offer that were not presented before along with some of the terms that the buyer may have wanted incorporated into the offer. The offer must be favorable to both the buyer and seller for it to be acceptable. Thus, the Examiner has interpreted the offer as being a new offer, and therefore, original.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
